Financial/Insurance Acknowledgement

Financial

Complete billing information will be provided at the time of your appointment. Those patients who do not have insurance or are unable to provide adequate billing information are responsible for the total payment of their bills.

Self Pay

I understand that I am financially responsible for services received and that I am eligible for a payment plan for my balance with my physician. Any payments that lapse over a 3 month period of time will be sent to a collection agency.

No Show/Cancellation Policy

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. If an appointment is not cancelled at least 24 hours in advance you will be charged a fifty dollar (\$50) fee for a office visit and one hundred dollar (\$100) for procedures; this will not be covered by your insurance company.

Insurance

As a courtesy, our billing department will bill your insurance on your behalf provided that you supply all of the necessary information at the time of service. Any services that are not paid by your insurance will become your financial responsibility. Due to the number of insurance plans that we work with and the different contracts our providers have as their own entities, it is not possible for us to know all the covered benefits your specific plan covers. We ask that our patients familiarize themselves with the different benefit levels available and whether certain services are covered, specifically any services or procedures. Please notify our front desk staff if you are aware that certain services are not covered and be prepared to make payments for that service on the day of your appointment. Patients without coverage are eligible to receive a prompt pay discount if payment is received on the day the service is rendered.
